DEDICATION

To you . . . Griffin Thompson, because of your endless dedication to the betterment of Adrian High School we dedicate this 1973-1974 annual to you.

We the students of A.H.S., want you to know how much we appreciate the hard work and moral support you've given us in organizing the "Student Council". Also, in helping stress the importance of academics, good sportsmanship and school spirit in our school. You made us realize the importance of good academics through the Honor Roll and Merit List. This made us work for better grades. You stood by us during trying moments. You've stressed the importance of "LIVING" to us . . . of living a good and wholesome life, and of facing the problems of life with confidence and calmness.

Mr. Thompson, we love you. We care about you. And you'll never know all the things you have done for us to make us fully aware of our meaning in life. You're much more than a teacher, you're a friend.

The 3:27 Rush.

EDITOR'S MESSAGE

This annual has been many hours of work, headaches, mind-searching, and yes -- many tears. I hope that I can say all those tears were worth it and that you will think so too.

I have tried to capture "the way we were" in the 1973/74 school year in this yearbook. I watched your habits, your activities, your happiness, and your moments of despair to portray each page as it really was.

I would like to thank the Adhiscan Staff for their efforts to make this annual a good one. Each one will have their own feeling for the annual, but none more than me. This Adhiscan, Volume IX, has been a large part of my Senior year - a part that will never disappear.

Any errors that may appear in this book were not intentional and please overlook them.

As you look at the last pages of this annual I hope you will be smiling, because it has made you remember this year and you can see the days all over again.

May this annual be an everlasting memory of "the way we were" in '74.

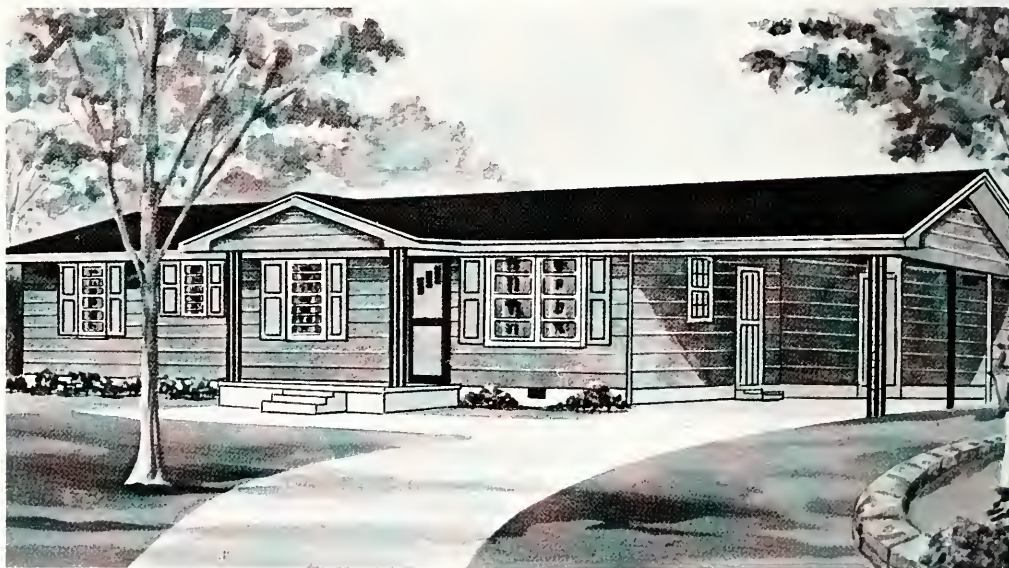

Bonnie Stephens
